## HOW TO ORDER

The below instructions only apply to items shown within this catalogue. For bespoke items and displays price a price will be given on request.

1. Take a look through the shutter spares and samples catalogue to see what we have available to order, and which might be suitable for your business.
2. Prices are shown next to each item so you know exactly how much each costs.
3. Choose the items you require and make a note of the associated part number.
4. In instances where we offer lots of different finishes (ie. hinges or magnet plates) please note only a few options are shown in the catalogue. However the list of available options will provide you with details of all available finishes.
5. Double check you have noted the right part numbers
6. Send an email to [samples@customwest.co.uk](mailto:samples@customwest.co.uk) to advise the part number and quantity of the samples that you need.
7. We will confirm receipt of the sample order to you and send the order through to our warehouses to fulfil.
8. Most sample orders should be with you within a week, however on the rare occasion we need to order some additional parts or stock, we'll make sure you are made aware of this or advise estimated delivery time as to when we expect stocks to arrive.

# SHUTTER & SHADE DISPLAY

MDF display panel and frame showcasing our shutter & shade system to further reduce light.  
Available in all ranges except Hollywood

Part number  
39369  
Price: £25.00

The Shutter & Shade can be completely opened to let the light flood in

The shutters can be opened with the blind down, so light softly diffuses into rooms

This versatile shutter choice also means you can have the blind completely up with the shutter louvres open to bring in light whilst maintaining privacy. Or you can shut both the shutter louvres and blind for minimal light leak
